## Septuagenarian Finishing Walk of 16,000 Miles

### Veteran Adventurer Passes Through on Last Lap of Journey

Nearing the end of a 16,000-mile walk which will terminate at Prince Rupert, W. H. Chapman, a 77-year-old veteran of the frontier, made his way this week along the route of the Canadian National Railways through Northern B.C., and by now has reached his goal.

The hike was embarked upon as the result of a wager made by two millionaires and a magazine proprietor of Milwaukee, Wis., regarding the endurance of age and youth. In company with two young men, Chapman left Milwaukee on July 10, 1923, to cover 16,000 miles in three years for a consideration of \$5,000. His companions fell by the wayside a few days after starting, but the old man pushed on to a successful finish in about half the stipulated time. When interviewed he stated that he was ready to walk as far again if the hike was made worth while.

Chapman was born in Millington, Conn., on February 29, 1847, and this fact may be able to account for his youthfulness, as he enjoys a birthday but once in four years. He is tall, lanky and but slightly stooped, and bears all the marks of having lived a healthy, outdoor life. He served 20 years in the U.S. army and was a scout under Buffalo Bill, in connection with which service he takes credit for disposing of his share of Indians at the time of the Custer massacre in '76. He also spent 12 years in the U.S. navy, and encircled the globe. He was in the merchant marine until the outbreak of the great war, when, thinking he was about ready to give up his strenuous life, he settled down in the place of his birth with his twin sister.

However, the chance to earn \$5,000 so easily (!) tempted him and his wanderings began again. His route led him from Milwaukee to New Orleans, from whence he turned north, and passed through four Canadian provinces to the Pacific coast. The intrepid walker next went through Washington, Oregon and California, and then back to Louisiana, entering New Orleans on New Year's Day, 1924. Thence he started for Chicago, but switched to New York, losing 250 miles, which he does not include in the trip. Ottawa was reached on May 15, and there Chapman called on Premier King. He then followed the C.P.R. from Montreal to Winnipeg, arriving there on July 2. From Winnipeg he

## Cabinet Minister Turned Down by North Okanagan

### Dr. K. C. McDonald Loses Seat in By-election on Wednesday

The by-election in North Okanagan on Wednesday resulted disastrously for the provincial government. Dr. K. C. McDonald, the Liberal member who was seeking re-election after being taken into the cabinet, was defeated by Arthur Cochrane, Conservative, by a majority of over a hundred.

The campaign was by no means a pink tea affair. The two parties utilized all their heavies and it was a merry fight.

The defeat of Dr. McDonald is a great disappointment to the government forces and will mean some hurried re-organization to get ready for the session. The government will not be so strong but the premier does not anticipate any particular difficulty in navigating the session.

### Shot off His Thumb

On Saturday afternoon last Douglas Frizel of Prince Rupert who was hunting at Woodcock with his father and Geo. Tite and Ted, sent an S.O.S. to Dr. Wrinch. The doctor made a fast trip and found that Doug had lost the top half of his right thumb. The young fellow jumped off a log and his gun slipped through his hand. As it struck the ground it was discharged and his thumb was in the way. A couple of days in the hospital fixed him up.

proceeded along the G.T.P. and reached Saskatoon a month later. Edmonton saw him on August 22, so he has taken but a little over a month to reach the coast from there.

In his pocket he has carried his credentials, carefully preserved by an oilcloth wrapping, and these have been signed and sealed by mayors, police chiefs and officials in many capacities at the points through which he has passed. The old man also bears a letter from Secretary of State Mulvey, wishing him health to continue his journey to a successful end, and is particularly proud of a letter he possesses from Premier Bracken of Manitoba.

Altogether Chapman has averaged from 20 to 30 miles a day, and has worn out eight pairs of shoes on the trip. For subsistence he has had to depend upon the generosity of the people with whom he has come in contact, and in this respect he is loud in his praise of the unbounded good-heartedness of the Canadian people.

## OVERHEARD AROUND NEW HAZELTON

The Prince Rupert district has produced over a million cans of salmon this year, and the end is not yet.

One of the most enjoyable dances of the season was the one given in the Northern Hotel in honor of Miss McCall and L. B. Wrinch. The guests had an exceptionally fine time.

V. F. Dunn and family returned last week from Burns Lake, where they spent a couple of months.

Mr. Stynoff moved his family to New Hazelton last week.

W. J. Larkworthy returned to town last Tuesday morning after a two months' holiday trip to his old home at Stratford.

Rally Day will be observed in the New Hazelton Sunday School on Sunday morning.

A literary society has been organized in connection with the New Hazelton public school.

Magoffin's contract west of the town has been finished and the camp is being cleaned up.

The mounted police made a trip into the Kitwano valley last week and gave the natives an idea of where they must head in in future.

Albert Mercer is leaving on his annual pilgrimage to the Copper river country where, he will put in the next three months enjoying himself chasing grizzlies and goats over the rocks.

Charlie Ek returned to town Thursday morning after a prospecting trip in the country behind the Seven Sister mountains. He reports having located some very fine silver-lead ore that will receive a good deal of his attention in future.

J. McDougall, well known at many points along the railway and who recently moved to Francois Lake, was last week given six months in Okalla for selling whiskey. He figured on an appeal.

### Saw Burns-Endako Road

When in Burns Lake on Wednesday Dr. Wrinch, M.L.A. paid a visit to the Burns Lake-Endako road work. He found the steam shovel at work and that six miles of the road were ready, and these were the heaviest miles of the entire distance. The doctor reports that a good grade has been struck and that a crew of men are now working from both ends. There is still a great deal of work to be done before the road will be ready for traffic.

Joe Hart, of Seattle, who has been spending a holiday at Kalum Lake, left for Ketchikan on Saturday.

## Patience Meets Reward in Pay- ment on Option

That the race is not always to the swift was amply confirmed in Terrace last week, when Messrs. Couture & Gendron received a substantial cheque on account of the purchase of one of their mineral properties at Kalum Lake. For eleven years these enterprising miners have been prospecting the country around Terrace and have located a number of claims. To provide the means of carrying on their mineral investigations they have worked in the sawmills and lumber camps, or, when convenient, "rocked" gold from the black sands at Kalum Lake. Their confidence met its just reward when, last spring, a Seattle man visited their properties and was given an option on one of them. Last week's cheque was the first payment on the option.

Perhaps the main interest to people of the community, however, is contained in the statement that the new operators of the property will instal machinery and commence work in the establishment of what is hoped will be a permanent camp. Congratulations are extended to Couture & Gendron on the success which has attended their enterprise, and the hope is that this is only a beginning of the good fortune to which men of their stamp are entitled.

### Looking for Dairy Farm

C. U. Henderson of Oakland, Cal., was here this week looking over the country with a view to establishing a modern dairy farm in this locality. He was taken to the Kispiox on Wednesday. He was also looking around the land closer in. If he buys any land he will stock it with pedigree cattle and will have a first class farmer in charge.

MR. A. E. WARREN  
General Manager, Western Region,  
Canadian National Railway  
will have an office in Vancouver in future.

## Wound Up First Flower Show and Planned For '25

### Pleasing Reports at Meeting of Hazelton Horticultural Society Tuesday

On Tuesday night last there was a meeting of the Hazelton Horticultural Society for the purpose of passing bills and winding up the affairs of the first flower show. The reports presented were of a most encouraging and optimistic nature. Financially the society is in fine shape and the future is rosy.

Owing to the tourist season being over this month it was decided to discontinue placing flowers on the trains the end of September. The service rendered was most satisfactory and letters of appreciation were read from officials of the railway and others. The service will be continued next summer. At the present time the flowers are even better than during the summer. There has yet been no frost.

As a result of the past season's experience the members have a better knowledge of how to proceed next year. In January the annual meeting will be held when all plans will be made for 1925.

## Here and There

Moose hunting opened in the Province of Quebec on September 10th. Indications are that an unusually large number of hunters will invade the woods this fall and the rush for licenses is well under way.

Edward A. Patterson, mining engineer of London, England, visiting Nova Scotia, states that the mineral resources of that province are practically lying dormant and that with proper development along scientific lines, mining could be advanced to first place in the province's industries.

Calgary, Alta., is planning an artificial ice rink because of the prevalence of chinooks in the winter, but the project will not be carried out in time for the coming season. Calgary had to abandon its scheme for an annual winter carnival because it could not count on weather that was cold enough or on snow.

The members of the band of the famous Princess Patricia's Canadian Light Infantry were among the passengers sailing for England aboard the Canadian Pacific liner "Empress of France" on September 10th. Under the direction of Lieut. T. W. James, they are to play at the British Empire Exhibition at Wembley.

The Duke de Alba, 17th of that name and 10th Duke of Berwick in the British nobility, together with the Duchess of Alba and several other distinguished Spaniards, is touring Canada over Canadian Pacific lines. Their itinerary includes Niagara Falls, Toronto, Banff, Lake Louise, Vancouver and Victoria.

## MINERAL ACT

### Certificate of Improvements

#### NOTICE

LAST CHANCE Mineral Claim, situate  
in the Omineca Mining Division of  
Cassiar District.  
TAKE NOTICE that Andrew Fair-  
bairn of Telkwa, B.C., Free Miner's  
Certificate No. 76825C, intend, sixty  
days from the date hereof, to apply to  
the Mining Recorder for a Certificate  
of Improvements, for the purpose of  
obtaining a Crown Grant of the above  
claim.  
And further take notice that action,  
under section 85, must be commenced  
before the issuance of such Certificate  
of Improvements.  
Dated this 29th day of August, A.D.  
1924.

## Too Much Board

The Dominion government has  
announced the appointment of  
five more members to the board  
of directors of the Canadian Na-  
tional Railways, making the total  
now thirteen. Political friends  
unable to fill any other job are  
now being appointed to the rail-  
way board, and in due course the  
cost of directing will exceed the  
cost of operating. There is not  
a chance in the world for the  
Canadian National to pay its way  
while there are so many hungry  
Grits looking for soft jobs and  
fat salaries. With railway direc-  
tors, railway commissioners, pre-  
sidents, vice-presidents and arm-  
ies of assistants, it would be  
difficult for the American contin-  
ent to produce enough traffic to  
meet the running expenses of  
such an array of executives (?).  
Every small town in the Domi-  
nion thinks it should have a rep-  
resentative on every board, and  
every commission; even Vancou-  
ver is howling representation.  
Thus the tax bill is constantly  
increased.

## Indians Must Behave

Victoria has sent out word to  
the Kitwano Indians that they  
must confine their enthusiasm  
and love of country to their own  
territory, and not molest white  
people going into or through the  
country in the ordinary pursuit of  
their duties. The matter is now  
one for the police to handle, and  
the sooner those misinformed  
natives are put in their place the  
better for the natives and the  
country. There has already been  
too much foolishness from that  
quarter.

## Terrace

### Was Typhoid Victim

It was with great regret that  
the community learned of the  
death on Friday last of Bessie  
Donald, six-year-old daughter of  
Mr. and Mrs. Robert Donald.  
Bessie had not been well for a  
few days, and when Dr. Ewart  
was called in he advised her re-  
moval to the hospital. She was  
taken to the Hazelton Hospital  
on Monday of last week, but her  
constitution was unable to with-  
stand the ravages of typhoid  
fever, from which she was succumb-  
ed on Friday morning. The fu-  
neral was held on Saturday after-  
noon, the service being conducted  
by Rev. T. J. Marsh, who was  
assisted at the cemetery by Rev.  
W. J. Parsons. The sympathy  
of the community is extended to  
the bereaved parents in the loss  
of their only girl, and to the  
four sorrowing brothers of the  
deceased.

### Card of Thanks

Mr. and Mrs. Robert Donald  
wish to thank their many friends  
for expressions of sympathy and  
the many floral offerings received  
during their recent bereavement.

### Made Good Choice

H. A. Dow, with his son, Wil-  
iam, Maidstone, Sask., purchas-  
ed a tract of land at Terrace and  
is now in possession. He visited  
a few weeks ago, but decided not  
to locate until he had inspected  
agricultural areas in the other  
parts of the province. After  
journeying through the south he  
returned at once and secured a  
fruit-land property here, being  
convinced that nowhere could he  
do better than at Terrace. Be-  
ing a practical man with consid-  
erable experience in farming and  
orcharding, his decision to settle  
is a tribute to the attractions and  
possibilities of this district.

Marguerite Chretien is now  
attending school at St. Joseph's  
Convent, Prince Rupert.

Photographed at Windsor Station, Montreal, prior to sailing on the Canadian Pacific liner "Empress of France." The band of the famous  
Princess Patricia's Canadian Light Infantry, clad in peace-time scarlet, is on its way to the British Empire Exhibition, Wembley. Every man is  
a veteran of the war.

## SYNOPSIS OF LAND ACT AMENDMENTS

### PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaration of intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$20 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

### PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

### HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

### LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

### GRAZING

Under the Grazing Act, the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

### Timber Sale X6605

Sealed tenders will be received by the District Forester not later than noon on the 10th day of October, 1924, for the purchase of Licence X6605, on John Brown Creek, South of Moricetown, C.R. 5, to cut 10,000 Hemlock ties.

Two (2) years will be allowed for removal of timber.

## BRITISH COLUMBIA

THE MINERAL PROVINCE OF WESTERN CANADA

### HAS PRODUCED MINERALS VALUED AS FOLLOWS:—

Placer Gold .....	\$ 76,962,208
Lode Gold .....	118,352,655
Silver .....	68,532,655
Lead .....	58,182,661
Copper .....	179,046,508
Zinc .....	27,904,756
Coal and Coke .....	250,968,113
Building Stone, Brick, Cement, etc. ....	89,415,234
Miscellaneous Minerals .....	1,408,267

Making mineral production to the end of 1923 show

AN AGGREGATE VALUE OF \$810,722,782

The substantial progress of the mining industry in this province is strikingly illustrated in the following figures, which show the value of production for successive 5-year periods:

For all years to 1895, inclusive .....	\$ 94,547,241
For five years, 1896-1900 .....	57,605,967
For five years, 1901-1905 .....	86,507,968
For five years, 1906-1910 .....	125,584,474
For five years, 1911-1915 .....	142,072,603
For five years, 1916-1920 .....	189,922,725
For the year 1921 .....	28,066,641
For the year 1922 .....	35,158,843
For the year 1923 .....	\$41,904,320

### PRODUCTION DURING LAST TEN YEARS, \$350,288,862

Lode-mining has only been in progress about 25 years, and not 20 per cent. of the Province has been even prospected; 800,000 square miles of unexplored mineral bearing lands are open for prospecting.

The mining laws of this Province are more liberal and the fees lower than any other province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees. Absolute titles are obtained by developing such properties, security of which is guaranteed by crown grants.

Full information, together with mining reports and maps, may be obtained gratis by addressing:

The Honourable The Minister of Mines  
VICTORIA, BRITISH COLUMBIA

## New Things Are "News"

## Terrace Notes

Mr. and Mrs. F. Clapp, of Prince Rupert, were visitors last week.

Miss Kathleen Burnett is in school again, after having been confined to the house for several days with quincy.

Mrs. W. King entertained a number of ladies at tea on Thursday afternoon of last week. She was assisted by Misses Dobb, Glover and Andrews.

Fred. Amos is patient at the Hazelton Hospital, having gone there for treatment for blood poisoning in the hand.

Howard Bernie, Stanley Gould, and Vic. Williams, of Prince Rupert, were recent visitors, and proceeded through to the Naas on a hunting trip.

C. Harrison, G. J. Morgan and T. Eaton, of the Hatchery staff, left on last Friday evening's train with five million sockeye salmon eggs for Quesnel and Stuart Lakes.

Louis Allan, of Prince Rupert, was a recent guest at the home of Mr. and Mrs. Thomas Brooks.

Mrs. Jarvis McLeod, of Prince Rupert, was a guest of Mrs. Soucie last week, and took in the fair.

W. J. Martin has been confined to his home with an injured foot for the past week.

O. Gendron, J. Couture, Oscar Olander and P. Brodin, of Kalum Lake, spent the week-end in town.

Joe Hart, of Seattle, who has been spending a holiday at Kalum Lake, left for Ketchikan on Saturday.

Wm. Rothwell, of Prince Rupert, spent the week-end with Mr. and Mrs. A. Bailey, across the river.

## THE NET OF NIPIGON

"The charm of freshwater, the charm of mirror-like surfaces . . . and the sweet smell of the woods."

Like a flower escaped from a garden is the fish-net found in inland Canada. Nets belong to the sea, to the sea-mists of the Atlantic shores and to the salmon-runs of the Pacific. What are they doing inland, out of habitat, "fish out of water," as it were?

But when you chance upon the "inland net" of the Indian, wound around a crude wheel whittled out of saplings, something inside, some inner sense, speaks out saying "This is the original. The Seacoast nets of America came here long after this! These threads, these meshes—they run back, back, back to the Garden-of-Eden-time of this continent." And recent discoveries of fossil-skeletons are placing that period back much further than that 20,000 years to which we had become accustomed even if we couldn't understand or comprehend it.

The nets of Nipigon need no aid from men in order to write themselves as belonging in that class of simple things which appeal to the heart. When we happen on one of them in some clearing, its goosamer length thrown about the old wheel's throat it speaks to us with the same human touch as of some bright shawl.

What a vista of a world of the wild and free, it conjures up. The "Twine" so inanimate written on the page of the Government's "Indian allowance" becomes a thing of life, when you happen upon it changed by the handiwork of the Indian into one of these inland nets. Nets of a lightness of quality to complement the frailty and mobility of the dainty canoe which is the hyper-sensitive flabboat of this world of inland lakes and rivers.

Like some lace veil is this Old . . . Inland . . . Net! You feel you might take it in hand and run it through a finger ring. Compared with it, how crude seems the coarse strength of tanned lengths that is the herring-trap of the Atlantic coast. How rude and strong the thick gunwale and heavy timbers, the long ear-sweeps of the fishboats that work the herring nets! These are fine paintings, jealously hung in an inner room . . . not many of them . . . rare. Those others, in the beauty of their strength, are the sculpture in the gallery of Canadian handiwork. There is no question of superiority only an interesting and very entertaining one of difference. Sometimes we are in a mood for the sculpture, for the strength of the sea; and nothing can satiate this hunger when it is upon us, but the way of the Maritime East or West.

But these inland nets that stand for Canadian lakes and rivers, those wonderful water highways, or mere bridle paths, and canoe-trails of water, have their own charm . . . the charm of freshwater, the charm of mirror-like surfaces, the charm of the deep peace and the sweet smell of the woods.

What sort of world's work, someone murmurs, can be accomplished of these toy nets more like feminine draperies than tools of an industry?

The filigree meshes wound about this old, weathered skeleton of a reel do not purport to be a Blue-Book of the immensity and range of the freshwater fisheries of Canada . . . and they are immense . . . so much as a point-finger of the hundreds of miles of lakes and rivers opened up to sportsmen following the beckoning of . . . "the nets of Nipigon"—Victoria Hayward.

TERRACE, B. C., FRIDAY, SEPTEMBER 26, 1924

No. 33

## Terrace Fair Biggest and Most Successful Yet Held

The Terrace Fall Fair, which was held on Tuesday and Wednesday, the 16th and 17th, was one of the most successful ever held there, both financially and otherwise.

The fair board this year faced a deficit from past operations of about \$50, but, notwithstanding this fact, increased the value of the cash prizes by about \$100 and the special prizes by about \$200, which practically doubled the prize list over any other year. The wisdom of these increases was approved of by the exhibitors, as the competition in many classes was more than doubled. The most noticeable among the increased entries were those of livestock, home cooking and fancy work. The livestock entries were increased threefold over previous years, and those were interested in this section received much valuable information from the judge, Mr. McKie, who explained during the process of judging his reasons for making awards, as well as where some of the animals were deficient.

In the fancywork and domestic science departments, where in the past two tables had been sufficient to carry the exhibits, this

year five long tables were requisitioned, and they were well filled. The competition was very keen, and the judge, Miss Lauder, found it very difficult at times to determine which excelled in these classes.

Owing to the early spring and the consequent early maturing of some of the varieties, some shortages were noticeable in the fruit section of those not available. Particularly may this be said of plums and prunes. The apple exhibits, while embodying all the varieties shown in the past, were not as generously displayed as on some previous occasions, except, possibly, the entries in the packed boxes. These were ahead of other years. Competitors in this class received valuable information from R. H. Murray, the judge, as to why their boxes were not prizewinners.

The flower competition presented volumes of evidence as to the attention this branch of horticulture is receiving in the Terrace district. Beautiful displays were seen both in the collections and the individual entries. House plants, too, were very much in evidence, and drew forth great admiration.

The school competition and the children's sewing, judged by Miss Lauder, bore evidence of the training the coming generation was receiving, and aroused favorable comment from both the judge and the public at large.

Least patronised of any sections of the fair were those of minerals and photography, but the exhibits in these classes made up in quality what they lacked in quantity.

The field roots, and grains and grasses had really to be seen to be appreciated. The variety was extensive and the quality the best. Some of the entries in the potato classes drew very favorable comment from the judge, J. B. Munro, who intimated that no better quality or grading could be obtained anywhere.

Competition was very keen in the vegetable section, judged by R. P. Murray, which contained practically every variety known to Central B.C. Some very good special prizes had been offered, which stimulated the entries in this division.

The poultry section, judged by H. Reid, was perhaps the lightest of the livestock sections, but the showings were good and the poultry breeders received many pointers as to what constitutes prizewinners.

The swine entries were judged by J. Mackie. This section show-

ed considerable increase in entries over previous years and demonstrated to the public that this end of farming is by no means neglected in Terrace.

In the special competitions many commendable pieces of handiwork were in evidence. In the Bird Box competition, special given by A. C. Fowler for Trail Rangers, was noted a large number of entries, and while the boys of this district have not the advantages of manual training in the schools that the larger towns enjoy, yet their workmanship and ideas, as set out in the various bird boxes shown, indicate that they have a natural aptitude for for this work, and should be encouraged along this and similar lines. The Willing Workers special, given by Mrs. Parsons for the best hand-made apron by girls belonging to that organization, made it evident that the girls in their particular line are not far behind the boys in their competitive line of manual training. Perhaps it was a little noticeable that the boys took a greater interest in their special than the girls did in theirs.

That the Terrace fair was a success is due largely to the community interest taken in the organization, and well demonstrates that by united efforts in this as well as other similar movements the district's interests can be well looked after, and much advantage gained both individually and collectively in thus advertising the fertility of our valleys and the ability of our people. Should any outsider prove sceptical a pressing invitation to attend the fair should be proof enough of our claims.

Also that the assistance of the ladies in this movement as well as in other lines of community endeavor is necessary, was best exemplified by the results of their efforts to assist the board in the financing of the fair, as well as otherwise contributing to its success. The Ladies' Auxiliary to the fair association, led by Mrs. Parsons and Mrs. Sundal and assisted by many ladies of the district, catered to the visitors at the fair, serving lunch, afternoon tea and supper in the fair building during the day, and by this means enriched the treasury to the extent of \$50. The timely assistance means to the board the difference between a deficit and a surplus on this year's operations, and it would be well for future boards to bear in mind that in order to ensure success

## Terrace Fair

(continued from page 4)

the ladies' assistance and sympathy must be enlisted.

An additional attraction at the fair was a football game between the Kitsequecla (Skeena Crossing) Indians and Terrace. Owing to the inclement weather only a small number of fans witnessed the match, but these were treated to some fast, is not scientific, football. The Indians were at full strength, but Terrace was poorly represented, several of its best players being out of town. Terrace won the choice of ends, and elected to play with the wind. Ten minutes from the start the visitors surprised their opponents by finishing off some good work near midfield with a well-earned goal. The visitors continued to have the better of the play and held their lead until just previous to the interval, when Norrington made a solo run and equalized. After the change of ends Terrace monopolized the play for a short period, during which George Anderson scored another goal after some smart combination with Tom Baker. The home side, content with their lead, concentrated on defence, and the game ended in 2-1 victory for Terrace. The Indians were rather unfortunate to lose, but wasted some good work in midfield by weak finishing.

The exhibition was closed by a dance, the music for which was supplied by Mrs. Attwood's four-piece orchestra, and was perhaps the largest dance ever held in the hall. The proceeds therefrom helped to swell the Board's bank account and further guarantee the payment of the obligations the Board had assumed. Considerable credit is due Mrs. Braun, who undertook the arrangements for supplying the supper at the dance, and who, assisted by Mrs. Burrison, executed her commission expeditiously and well. The dance continued until three a.m., and all agreed it was one of the best events of the season. The prize for the best waltzers was awarded to Mr. and Mrs. Norrington.

Following is the list of prize awards, names in each case being given in order of merit:

### Section 1—Cattle

Best Grade Spring Calf: J. K. Gordon, Hamlin & Thompson.  
Best Grade Yearling: K. Olson, J. K. Gordon.  
Best Milch Cow: D. McKinnon, B. Agar.

Best Box for Commercial Purposes (B.C. Nurseries), Hamlin & Thompson; Best Hubbard Squash (J. L. Richmond) V. Soucie.  
To continue next week

## Terrace

Misses Marion and Ethel Christie, who spent the summer with their parents, Mr. and Mrs. R. Christie, have returned to Prince Rupert.

David Shaw returned this week from the Hazelton Hospital, and is quite recovered from his recent accident.

Edward Hamer and son, Bobbie, who spent the past two weeks in Terrace, returned to Vancouver on Monday.

Mrs. Capt. Amsbury is spending a week as the guest of Mrs. Sherwood.

We are sorry to hear that Wm. Donald is a patient in Hazelton Hospital. A speedy recovery is hoped for.

Mrs. D. D. Munro has been confined to her home for a few days with a bad cold.

### The Hazelton Hospital

The Hazelton Hospital issues tickets for any period at \$1.50 per month in advance. This rate includes office consultations and medicines, as well as all costs while in the hospital. Tickets are obtainable in Hazelton from the drug store; from T. J. Thorp, Telkwa, or by mail from the medical superintendent at the Hospital.

## UP-TO-DATE DRUG STORE

The Rexall Store

Hazelton, B.C.

Cooper H. Wrinch, Prop.

## HAZELTON NOTES

Dr. Wrinch went to Burns Lake this week and on Thursday morning brought Mrs. Hunt down to the hospital where she will stay until quite recovered from her recent accident. Mrs. Hunt has been doing very nicely.

Fred Forest left the hospital on Wednesday feeling quite a different man to what he was two weeks ago.

Leonard Wrinch left Wednesday morning for Toronto to attend Varsity.

Wm. Ware returned this week from Babine and after a trip to the post at Fort St. James will return to Vancouver for the winter. He found all the company posts in good shape.

W. S. Mitchell of Toronto has been at the Omineca hotel for a week or two.

John Newick finished at the drug store and has moved into his new home across the street. He was eleven years with the firm, having started with them in New Hazelton.

J. F. Turnbull arrived Tuesday and is now in the drug store. On Thursday Mrs. Turnbull and little girl arrived. They will live in the drug store building.

On Wednesday evening the home of Mrs. N. Cary was the scene of a shower in honor of Miss McColl who recently finished her training at the hospital, and who is shortly to be married. A large number of ladies were present and a very jolly evening was spent. Miss McColl and her sister left Thursday for Usk for a week before going south.

A joint meeting of the Ladies' Aid of the Union Church and the Women's Auxiliary of St. Peter's Anglican Church, will be held at the home of Mrs. W. W. Anderson on Tuesday evening, Sept. 30, at 8 o'clock, for the purpose of organizing for the joint bazaar. All members of both organizations are requested to make a special effort to be present.

At St. Peter's, Sunday, October 5, will be marked by Harvest Thanksgiving services, at 11 a.m., 3 p.m., and 7.30 p.m. Gifts for decorating will be thankfully received on Saturday afternoon and evening, October 4.

Rev. T. D. Proctor will conduct Harvest Thanksgiving services at the following points on Sunday next, September 28: Cedarvale, at 3 p.m.; Woodcock, at 8 p.m. Gifts of flowers, fruit, vegetables and grains for decorating purposes will be gratefully received.

Miss Helen Randall, R.N., of Vancouver, was a visitor at the Hazelton Hospital last week, in her official capacity as inspector of nurses' training schools.

J. McDougall, well known at many points along the railway and who recently moved to Francois Lake, was last week given six months in Okalla for selling whiskey. He figured on an appeal.

WE HAVE SECURED THE AGENCY FOR
